Dear Chief Shipman:

SUBJECT: HOUSEHOLD HAZARDOUS WASTE (HHW) COLLECTION

As you may know, the Macomb County Health Department conducts monthly HHW collections at our Mt. Clemens location. Typically, we receive relatively small amounts of gasoline, solvents, pesticides and cleaning products. However, on occasion we receive larger quantities of pesticides from farmers and golf courses.

We do not anticipate any problems, but thought it would be useful to inform you of our collection location (west of Marth T. Berry MCF, adjacent to the county gasoline pumps). Our first collection will be Friday, **March 31 from 7:30 am-12 pm**. We have tentatively scheduled the following dates for collections in 2023:

April 14- 7:30-12:00	September 8- 7:30-12:00
April 28- 7:30-12:00	September 22- 7:30-12:00
May 12- 7:30-12:00	October 6- 7:30-12:00
June 2- 7:30-12:00	October 20- 8:00-12:30
June 23- 7:30-12:00	November 3- 8:00-12:30
	November 17- 7:30- 12:00

Again, the dates listed are tentative and subject to change. These dates should not be given to the public. We have moved to an appointment system. Residents may call us at 586-469-5236 to schedule an appointment. For questions, the public can be directed to our website at <https://health.macombgov.org/Health-Programs-EnvironmentalHealth-HouseholdWaste-CollectionSchedule>.

A list items that we do and do not take can be found at: <https://health.macombgov.org/Health-EnvironmentalHealth-HHWAcceptedMaterial>

If you have any questions, feel free to contact me at (586) 469-5236.
