

Reserve Parking Spaces

Do you need to use a parking meter space for moving, deliveries, or a special event? You can reserve spaces to guarantee available parking for limited uses. For example, contractors working on a remodel can have easy access to supplies. We'll put "*No Parking*" covers over the meters so no one else can use them on your reserved dates and times.

We only allow parking space reservations for specific uses. Reservations for everyday personal use are not allowed.

Choose a start and end date

Call our office at least three (3) business days before your reservation start date. This gives us time to reserve the space or get back to you if there are any issues with your request.

Find your chosen zone and meter numbers

You can find zone and meter numbers displayed on each meter itself.
