Flow Test Permit Application City of Mount Clemens

Water Flow Testing Policy

Effective April 3rd, 2024

Purpose:

Provide a uniform policy for the flow testing of water mains and fire hydrants to determine the suitability of available water pressure and flow for customers and requiring fire suppression (sprinkler) systems supply or other high volume water requirements.

Procedure:

1. Application for flow testing shall be submitted to the Community Development Department.
2. Community Development issues permit and collects \$100.00 fee.
3. Community Development notifies the Fire Department of permit issuance.
 - a. Forward copy of permit and application to the Fire Department.
 - b. The Fire Department will coordinate the time and date of the flow test (8 AM – 3 PM).
4. Water plant is notified by water and sewer maintenance.
5. Customer requiring the flow test provides a contractor to perform the test using their own equipment.
6. The Fire Inspector will perform inspection and oversight to assure protection of water distribution lines and appurtenances. He will verify all valves are properly closed at the end of the test. If the Fire Inspector is unavailable, the water & sewer maintenance staff will be notified to witness the inspection.
7. The customer or his contractor will provide a copy of the flow test results to the Fire Department at:
