MAYOR'S UPDATE:

As the crisp fall air returns to Mount Clemens and the leaves start to turn, it's a perfect time to reflect on the progress we've made together and the exciting work still ahead. I'm proud to share several key updates that reflect our commitment to investing in the future of our community.

Downtown Revitalization Project Update

Our Downtown Revitalization Project continues to move forward with purpose and energy. I'm happy to share that the hardscape portion of the project—including sidewalks, pavers, curbs, and street features—is on track for completion by **November 1, 2025**. While construction can be inconvenient at times, I want to thank our residents and business owners for their patience and support. The result will be a more walkable, vibrant, and welcoming downtown district—one that honors our city's rich history while positioning us for new growth. I encourage everyone to keep shopping local and dining downtown throughout the construction season. Every visit supports the heartbeat of our community.

Great Lakes Water Authority Connection Project Update

As the design of the Great Lakes Water Authority connection wrapped up this summer, our engineering team submitted the plans to EGLE for approval. Construction is scheduled to begin late summer/early fall 2025.

Fiscal Year 2025–2026 Budget Passed

I'm pleased to announce that the City Commission has officially passed the fiscal year 2025–2026 budget. This balanced and strategic plan reflects our city's values: maintaining essential services, investing in infrastructure, and making smart financial decisions for the long term. Once again, we've prioritized road repairs with a \$1.5 million investment in local streets, including a full reconstruction of Grand Avenue that will be wrapping up this fall. We're also dedicating resources to public safety, parks, and modernizing our city services.

Oakland University Building Purchase

In another exciting development, the City of Mount Clemens has purchased the former Oakland University satellite campus building located at 20 South Main Street. This acquisition is a bold step forward for our city. The building will be renovated to serve as the future home of City Hall and our Fire Department, giving both departments upgraded space in a central location. Even more exciting—the move will open up the riverfront property currently housing City Hall and the Fire Department for future development.

Join Me for the 2025 State of the City Address

I invite you to join me for the **2025 State of the City Address on Wednesday, September 17 at 3:00 p.m.** The event will take place at **The Emerald Theater**, where I'll be sharing more in-depth updates and a vision for Mount Clemens' future. This is a wonderful opportunity to come together, celebrate our progress, and look ahead with optimism. Tickets are available for purchase through **Connect Macomb** at connectmacomb.org.

This is an exciting time to be in Mount Clemens. Together, we're building a stronger, more connected community—one that respects our past and looks boldly toward the future. If I can ever be of service to you, please feel free to contact me at 586-469-6800 ext. 313 or Lkropp@mountclemens.gov

MOUNT CLEMENS FIRE DEPARTMENT

A MESSAGE FROM FIRE CHIEF REYNOLDS

Good day Mount Clemens,

As fall approaches and the heating of your home starts to become necessary, I would like to provide you with some tips to keep your family safe. I want to talk to you about something you cannot see, you cannot smell, and you cannot taste; carbon monoxide (CO), aka the silent killer. Did you know that the colorless and odorless gas known as carbon monoxide is created in all gas appliances and gas operating equipment, such as furnaces, water heaters, gas clothes dryers, gas ovens, generators, and even automobile exhaust? Although it is a “normal” by-product of combustion, it can be deadly if not properly vented or if allowed to accumulate in the home. Your gas appliances are designed to vent this gas to the outside of your home, and often there is no problem. To be sure your family is safe, you must protect your home with a carbon monoxide detector. A carbon monoxide detector serves as a “silent sentry”, ever monitoring for an accumulation of the lethal gas. The MCFD recommends that each home have at least one CO detector and that it is positioned where it would best warn sleeping occupants - near the bedrooms! CO detectors are highly reliable and have come down significantly in price. They are available at any hardware or general merchandise store.

- CO alarms should be installed in a central location outside each sleeping area and on every level of the home and in other locations where required by applicable laws, codes or standards. For the best protection, interconnect all CO alarms throughout the home. When one sounds, they all sound.
- Follow the manufacturer's instructions for placement and mounting height.
- Choose a CO alarm that is listed by a qualified testing laboratory.
- Test CO alarms at least once a month; replace them according to the manufacturer's instructions.
- If the audible trouble signal sounds, check for low batteries. If the battery is low, replace it. If it still sounds, call the fire department.
- If the CO alarm sounds, immediately move to a fresh air location outdoors or by an open window or door. Make sure everyone inside the home is accounted for. Call for help from a fresh air location and stay there until emergency personnel declare that it is safe to re-enter the home.
- If you need to warm a vehicle, remove it from the garage immediately after starting it. Do not run a vehicle or other fueled engine or motor indoors, even if garage doors are open. Make sure the exhaust pipe of a running vehicle is not covered with snow.
- During and after a snowstorm, make sure vents for the dryer, furnace, stove, and fireplace are clear of snow build-up.
- A generator should be used ONLY in a well-ventilated location outdoors away from windows, doors, and vent openings.
- Gas or charcoal grills can produce CO—only use outside.

The Mount Clemens Fire Department hopes that you follow these important safety tips and wants to remind you that smoke detectors are available for free (to Mount Clemens residents) at the fire station located at 2 Dickinson Street.

Yours in Life Safety,

Dan Reynolds

EXCITING THINGS ARE HAPPENING DOWNTOWN

Downtown Mount Clemens will close out the summer schedule with two concerts and the Fall Art & Craft Show. The Uptown Friday Night concerts will be on the Main Stage on Macomb Place in front of O'Halloran's Public House with M-1 Jazz Collective on September 5th and Soul Commission with Kathleen Murray on September 12th.

Fall is in the air, leaves are changing, and we are gearing up for our fall and holiday events in Downtown Mount Clemens. The Halloween Spooktacular is our signature children's event and it kicks off our fall festivities. This free event features a wide variety of activities and family fun for all!

Continuing our longstanding tradition, we usher in the holiday season at our annual Downtown Christmas Open House. On Friday, November 21st, Santa will arrive by horse drawn sleigh and he will light up all of the downtown decorations. Afterward, families can enjoy free carriage rides, visit with Santa and take your own photos, and partake in fun activities throughout many of the downtown businesses. Santa will return to make a grand appearance in Downtown Mount Clemens at the 50th Annual Mount Clemens Santa Parade.

The sixth annual Christmas Light Parade will return to Downtown in December. You can join Santa and his sleigh in all the fun with cars, motorcycles, trucks, and floats decorated with hundreds of lights.

We encourage you to shop small instead of the mall on Small Business Saturday and throughout the entire holiday shopping season. Patronizing small, independently owned local businesses helps support our local economy. Downtown Mount Clemens has numerous retail stores with great unique gift giving ideas for the most difficult people to shop for on your list. The Anton Art Center Holiday Market is another great holiday shopping opportunity, and nearly all our downtown restaurants offer gift certificates. If you are looking for a place to hold your holiday party, there are over a dozen venues right here in Downtown Mount Clemens.

We'll close out 2025 with NYE Kids Night and our traditional New Year's Eve Gala. NYE Kids Night will be held at the Discovery Center of Macomb located at 54 Cherry Street prior to the Gala merriments. Children will have their own New Year's celebration, complete with a ball drop and mini fireworks display. Our traditional New Year's Eve Gala festivities will follow, including entertainment, and the ONLY New Year's Eve fireworks display in the Metro Detroit area. On behalf of the Mount Clemens Downtown Development Authority, we would like to wish you a very happy and safe holiday season, and prosperous New Year!

CELEBRATION OF SUMMER WITH SUSIE Q'S KIDS!

Summer is a time of family, fun, relaxation, and potential camp experiences for kids. Susie Q's Kids helped kids from all types of backgrounds and disabilities to have that experience.

At Lions Bear Lake Camp, we

provided bags/bears to visual and hearing-impaired children.

Grieving kids shared their experiences at Henry Ford Sandcastles, New Hope Center for Grief Support, and Angela's Hospice. We were present to offer hope and healing.

Kids dealing with health, homelessness, foster care, etc., Susie Q's Kids supported them: CARE of SE Mich, Care House, Salvation Army, MCrest, Kids on the Go, Ronald McDonald's Houses and more.

Susie Q's Kids would appreciate donations of crayons, coloring and activity books, journals/notebooks, stickers, and card games.

Ship donations to 13116 Iowa Drive, Warren, MI 48088.

81 NORTH: A BEACON OF HISTORICAL RENEWAL AND FEMALE ENTREPRENEURSHIP IN DOWNTOWN MT. CLEMENS

As downtown Mt. Clemens undergoes revitalization, 81 North stands as a powerful symbol of progress—blending historic preservation with modern development. Located across from the county courthouse, the four-story, 13,348-square-foot building has been transformed from near disrepair into a vibrant hub for health, wellness, and female entrepreneurship.

When Tom and Rachel Lucido purchased the century-old building in 2020, it was virtually uninhabitable—plagued by a leaking roof, outdated systems, and vacant upper floors. But with the vision and support of RDF Construction, Anton, Sowerby & Assoc Realtors, the Mt. Clemens DDA, and Choice One Bank financing, 81 North has been fully modernized while maintaining its historical charm.

"Without the meticulous planning and execution of RDF construction, this would have been a tear-down," said Tom Lucido. "Instead, it's become a cornerstone of downtown's transformation."

Honoring Mt. Clemens' legacy as "Bath City," once famous for its mineral baths, the building now houses tenants focused on physical and mental well-being.

Notably, all nine suites occupied (of the total twelve) are women-owned businesses—making it a shining example of female entrepreneurship in action.

"I'm incredibly proud of the thriving, woman-led community here," Lucido shared. "It's inspiring to see such impactful businesses take root in this historic space."

As Mt. Clemens continues to invest in infrastructure, streetscapes, and riverfront development, 81 North proves that history and innovation can build a bold future together.

For leasing inquiries of the three remaining suites, please contact Debbie Boone of Anton Sowerby & Associates at 586-469-8888 or dboone@antonsowerby.com.

FACE ADDICTION NOW LAUNCHES “HEALTHY FAMILIES” PROGRAM TO SUPPORT FAMILIES IMPACTED BY ADDICTION

Face Addiction Now (formerly Families Against Narcotics) has launched Healthy Families, a new program offering compassionate, wraparound support for parents, caregivers, and families affected by substance use disorder in Macomb, Wayne, and Oakland counties.

Designed to meet people where they are, the program helps families create safe, stable, and nurturing home environments. Services include case management, basic needs assistance (like food, diapers, and childcare),

treatment navigation, access to prenatal and medical care, harm reduction education, and support navigating Children’s Protective Services or the legal system.

Families can also connect to healing-centered support groups and receive ongoing, encouraging follow-ups from FAN’s trained staff. “This initiative is about meeting people with compassion, not judgment,” said

Program Director Kim Baffo. “Every family deserves the opportunity to heal and thrive.”

To sign up or refer someone to the program, visit tinyurl.com/FANFamiliesProgram or call 586.909.8198.

(Open to residents of Macomb, Wayne, and Oakland counties)

Why Now is the Right Time to Buy a Home: Mortgage Market Update

If you've been thinking about buying a home, now may be the right time to take the leap. With the mortgage market showing signs of stability and home prices stabilizing, many buyers are finding this moment offers a unique opportunity to secure long-term financial stability.

Fixed-Rate Mortgages: A Smart Choice for Stability

As more buyers opt for fixed-rate mortgages, locking in a stable monthly payment, it's clear that this is an ideal time to take advantage of predictable loan terms. In uncertain times, a fixed-rate mortgage offers peace of mind, ensuring your payment stays the same for the life of the loan. This is especially important for buyers looking to avoid the unpredictability of adjustable-rate loans.

Refinancing Could Work for You, Too

If you already own a home, refinancing could be a great way to lower your monthly payments or consolidate debt. With many homeowners taking advantage of refinancing, this could be the moment for you to adjust your mortgage terms to better suit your financial goals.

The Housing Market is Stabilizing—Don't Miss Out

While home prices have slowed after a period of rapid growth, many areas still have strong demand, and inventory remains limited. This means that homes in desirable locations are still selling quickly. By acting now, you can secure a home before prices potentially rise again or available properties become even scarcer.

In short, with stable mortgage options, steady home prices, and the potential for long-term financial benefits, now is a smart time to buy. Whether you're a first-time homebuyer or looking to refinance, taking action now could help you lock in favorable terms for years to come.

The market in City of Mount Clemens remains strong with continued low sales as the result of low inventory. This trend does appear to be reversing as the year-over-year figures suggest. Please note that with small amounts of data, average sale price is likely to fluctuate, noticeably, and is a less reliable indicator than Days on Market.

Stats and Trends provided by the Grosse Pointe Board of REALTORS® All information deemed reliable but not guaranteed and should be independently verified. Information was derived from a variety of sources including, but not limited to, Realcomp II Ltd. and the Great Lakes Repository®.

¹An absorption rate between 15.4% and 18.3% is considered a market in balance. Higher favors sellers, lower favors buyers..

UNDERSTANDING THE NUMBERS

Average Sale Price – Very Good: The small gains in price, or slight decrease quarter over quarter in association with a significant increase in inventory, is a huge plus and indicates a very positive ownership environment.

Days on Market (DOM) – Very Good: Typically, higher inventory results in a longer time to get a home sold. The strength of this market is evidenced by homes selling more quickly.

Inventory – Very Good: With more selection comes more opportunity to buy, which is exactly what occurred in Q2 of 2025 with pending sales year over year up 19.4% and quarter over quarter up 27.0%.

Absorption Rate – Seller's market: Even with more for sale, there remains a clear advantage for sellers when negotiating a sale.

Recent Changes to the Buying and Selling of Residential Real Estate

A recent agreement involving the National Association of REALTORS® (NAR) and the courts took effect on August 17, 2024. The changes will impact buyers and sellers of residential real estate who use a REALTOR®.

The Grosse Pointe Board of REALTORS® is a 2000-member association of real estate professionals across southeast Michigan headquartered in the City of Grosse Pointe. It is an industry leader in providing hyper-local content for its members and the communities it serves. Inquiries should be sent to Bob@GPBR.com.
